replacment but has been running fine for 4 months since i've had it.

2004 honda cbr 125 engine problems - Bike Chat Forums

At the centre of the machine is a 125cc, two-valve, four-stroke single, that's liquid-cooled and changed over from carburettor to fuel injection for this model year. We don't have a power figure, but its predecessor made a modest 10kW and I wouldn't expect this version to be making a great deal more.
