2010 International Durastar Technical Service Bulletins

Externally, International replaced the numerical series and engine identification with script identifying the model series. In 2010, the International TerraStar model line was introduced, effectively replacing the discontinued 4100 model line. Sharing the cab of the DuraStar, the TerraStar sat on a lower frame and wore its own hood.

International DuraStar - Wikipedia

Low Power with No engine codes is a tough problem to have because of the lack of information which generally comes from reading an engine code. A lot of times a code will point you in the right direction and give you a general idea what area of the engine to look at.
