Unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest

Waterproof Bordered Foam dressing is a multi-layered waterproof dressing that provides a sterile, warm, moist healing. The waterproof top layer protects the wound from any outside liquids that may cause infection, while the inner foam layer absorbs drainage and the low-adherent contact layer helps protect the wound bed.
