First up, we have an extract from our latest issue, with Homebrew Editor Chris Thomas providing an introduction to making quality beer. If you've been gifted a homebrew kit for Christmas, chances are the giver doesn't really appreciate that he or she might have just opened your Pandora's box because homebrewing is an exciting, unique, challenging and (at times) obsessive pursuit.

An introduction to homebrewing - Beer & Brewer

Introduction to Beer Making Since we opened our doors in 1992, our customers have taken home more than 2 million bottles of their favourite Brew Kettle beers. If you haven't yet experienced the pleasure of brewing your own, try a batch and see why the Brew Kettle is York Region's brewing centre!

Brewing is a popular and fun way to spend an afternoon and it can even save you money!.

Beer: Beer Making: An Introduction To Home Brewing (home ...

Beer- An Introduction . Beer making dates back to ancient Egyptian times. There are five main types of beer: lager, stout, ale, porter and bock. The process of making all five is primarily the same. The difference in color comes from the amount of roasting that takes place.

Introduction to Beer Types Article on beer

Another reason the cost of craft beer is higher than mass-produced beer is that each brewery creates its own flavor/style/twist on the brewing process. And it's not easy, either. Brewing is all about science and getting the right blend and balance of key essential ingredients while maintaining the right temperature.

An Introduction to Craft Beer | Fix.com

COURSE GOALS: The course aims to introduce the student in a responsible manner to beer as a major international beverage and to brewing as a traditional yet highly controlled and innovative industrial process. It will encompass a description of the nature of the world's brewing business, how it has evolved and what the factors are which influence its shape and dynamics.

FST 3 - Introduction to Brewing and Beer | Food Science ...

At Temperate Habits Brewing the beer is brewed on a what appears to be a 3.5-barrel brewhouse that feeds 3.5-barrel fermenters (waiting for confirmation). That is smaller than what they use around the corner at District Brewing but big enough to qualify as something bigger than nano brewery, which usually denotes a brewery making less than three barrels of beer per batch.

Two new breweries open in Mount Vernon - Washington Beer Blog

If you have answered yes to any of the questions above, you've come to the right place. Brewing is fun. Brewing is easy and brewing gives you the beer YOU WANT. I say brewing can be challenging in India because unlike the US or other countries where homebrewing is a popular hobby, in India, it hardly exists. At least that's what I think.

indian beer geek: Want to make beer? An Introduction

The out-of-bounds approach to beer epitomized by Wiley Roots also reflects the origins of craft brewing, which blossomed as people looked for more flavorful and interesting beer. The brewery still offers traditional styles, including two German lagers currently on draft, and won multiple awards for a traditional American wheat beer and its dry-hopped mixed-culture sour.
