### Mazda b3 engine in South Africa | Gumtree Classifieds in ...

One of the first symptoms commonly associated with a bad or failing carburetor is a reduced engine performance. The carburetor is the main component responsible for metering and delivering the air fuel mixture required for the engine to run. So if it develops any sort of issue, it can throw off this mixture and affect engine performance.

### Symptoms of a Bad or Failing Carburetor | YourMechanic Advice

Before electronically controlled fuel systems were developed, vehicles relied on mechanically operated fuel delivery systems, oftentimes in the form of carburetors to supply the engine with fuel. While carburetors are not really considered commonplace anymore, for many decades they were the preferred method for fuel delivery, and working with them was a much more common occurrence.
