Democracy contrasts with forms of government where power is either held by an individual, as in an absolute monarchy, or where power is held by a small number of individuals, as in an oligarchy. Nevertheless, these oppositions, inherited from Greek philosophy, are now ambiguous because contemporary governments have mixed democratic, oligarchic and monarchic elements.

Democracy (Greek: δημοκρατία, *dēmokratīā*, from *dēmos* 'people' and *kratos* 'rule') is a form of government in which the people have the authority to choose their governing legislation. Who people are and how authority is shared among them are core issues for democratic theory, development and constitution. Some cornerstones of these issues are freedom of assembly and speech ...

## **Democracy - Wikipedia**

Democracy disperses and fragments leadership, making possible wide and diverse sources of political authority. This observation seems to be supported by the role of monarchies in democracy. The office of the monarch, so contrary to democratic principles, is often retained in democracies, either as a purely ceremonial role, or in other instances as offices with some residual authority.
