I'm often asked "What is counseling?" The question is not as easy as it sounds. For example, the counseling practices change by the developmental age of the client. Also, it changes due to the presenting problem of the client. I want to provide a very simplified perspectives on the practice of counseling, one I ofte

This counseling theory focuses on how people's thinking can change feelings and behaviors. Unlike psychodynamic theory, therapy based on cognitive theory is brief in nature and oriented toward problem solving. Cognitive therapists focus more on their client's present situation and distorted thinking than on their past.
