Complete Engines for Honda CRF250R for sale | eBay

The CRF250R's DOHC 4-valve engine maintains its incredible high-energy peak power output. But HRC wanted to give it something extra: stronger torque through the lower rpm range. And this has been achieved with a 44mm diameter throttle body to speed up air flow, the re-shaping of both inlet and exhaust ports and the exhaust valve cam 'closing' profile reduced by 2°.
