[1] and was featured in an episode of The Daily Show with Jon Stewart .

Death by Black Hole - Wikipedia

Elizabeth Howell, in Scientific American, described how a NASA satellite captured the last moments of life for a black hole. The star's last bit of life was not a supernovae or novae. The star was engulfed by the black hole. And it was all charted by the NASA satellite. The black hole is a 3-million-solar-mass black hole.
