Destination Moon (the Adventures of Tintin) | eBay

Tintin begins his greatest adventure when he and Captain Haddock are rather cryptically summoned to join Professor Calculus in Klow. It turns out that the professor has joined a consortium in order to build a rocket that will land a person on the moon (this was in 1953, well before Neil Armstrong).

eFiling: Tintin and the Destination Moon

Destination Moon (1953) gives a detailed account on the preparation and the launching of the expedition to the Moon for which Professor Calculus has chosen Syldavian soil. The red-and-white chequered pattern on Hergé's rocket was based on a technique used to measure movements in a rocket during launching, developed by NASA.
