Discus Fish - Thomas A. Giovanetti - Google Books

Because Discus Fish (Symphysodon) prefer to choose their own mates, aquarists who hope to breed Discus usually buy several specimens (5-10) at a young age. When two fish are seen to pair off, the other Discus are removed from the aquarium, and you have a mating pair to work with. Do not buy a male and a female online and expect them to breed; you will be disappointed.
