We recommend reading both the original (DBW-1) manual and a newer manual, e.g., for the DBW-15. The newer manual covers bi-metal blades. To assist with the repairs, we have created an electrical schematic drawing .

DoAll DBW-1 Bandsaw-Blade Welder - 13Detroit

DoALL provides manual, semi-automatic and automatic metalworking band saws. A manual or gravity saw requires an operator to manually feed the material, lift the saw head and close the vise. With a semi-automatic saw, a hydraulic or pneumatic vise raises the saw head, but an operator needs to feed material.

blade welder products for sale | eBay

I am painting my DoAll 16" vertical bandsaw. It is equipped with a blade welder. The welder has a small grinding wheel for the weld finish. Anybody know what motor this should have? As I received the saw it had been replaced with a larger motor. That required them to make "extensions" to bump out the welder for clearance. Works OK, but looks ...

Machine Technology | Lesson 13 Butt Welding Saw Blades

Our shop had the same DoAll saw and blade welder the whole thirty years I worked in and out of it. Can't say I ever really got the hang of it, I did have the factory manual and lots of suggestions but about half the time, no go. About a year before I retired I noticed a new blade welder in the corner. The guys said it was worse than the old one.
