## Science

### **The Prague List: Open Problems in Object-Oriented Programming**

The OO in ECOOP has traditionally stood for “object-oriented”. These days, while the conference absolutely welcomes papers that relate to OO, the scope of ECOOP is much broader and encompasses the Programming Languages field as a whole. Think of the conference as being called “ECOOP: the European Conference On Programming languages”.

## **ECOOP Conference Series**

# Bookmark File PDF Ecoop 2014 Object Oriented Programming

ECOOP is a conference about programming. Originally its primary focus was on object orientation, but now it looks at a much broader range of programming topics. Areas of interest include the design, implementation, optimization, analysis, testing, verification, and theory of programs, programming languages, and programming environments.
