Electoral Systems And Political Context

Electoral Systems and Political Context illustrates how political and social context conditions the effects of electoral rules. The book examines electoral behavior and outcomes in countries that use 'mixed-member' electoral systems – where voters cast one ballot for a party list under proportional representation (PR) and one for a candidate in a single member district (SMD).

Examining the implications of the electoral systems and boundaries recommended by the Expert Panel for democratic representation in Wales, and considering how the principles identified by the Expert Panel might be weighted to ensure that the Senedd's electoral arrangements are appropriate to the Welsh context:

Electoral systems and boundaries | Senedd

To address concerns over the applicability of the electoral system literature to new and developing democracies, we present a framework for understanding the interplay between electoral rules and social, economic, and political context. This framework emphasizes that context typically shapes what we call the "behavioral" linkage between electoral rules and outcomes; moreover, the longer ...

Context, Electoral Rules, and Party Systems | Annual ...

For electoral systems to exert expected effects on voters, candidates, and parties, institutions should be durable and consistent. If political actors believe that the rules are likely to change, they may pursue strategies and tactics that seem to be at odds with the electoral system's underlying incentive structure. This chapter evaluates how changing electoral rules in a transitional, post ...

Electoral Systems in Context: Ukraine - Oxford Handbooks

Context of Electoral Systems. The Importance of Electoral Systems. Political institutions shape the rules of the game under which democracy is practised, and it is often argued that the easiest political institution to manipulate, for good or for bad, is the electoral system.

Electoral Processes Can Be Improved

In this volume, internationally recognized political scientists evaluate the ways in which the introduction of a mixed-member electoral system affects the configuration of political parties. The contributors examine several political phenomena, including cabinet post allocation, nominations, preelectoral coalitions, split-ticket voting, and the size of party systems and faction systems.

Mixed-Member Electoral Systems in Constitutional Context

Trust in the electoral system and its institutions is an important variable when discussing election integrity and the mechanisms needed to protect election integrity. In countries where there is a high degree of trust, the government routinely administers elections and there is little concern by the voters or candidates that the government will manipulate the process or election results.
