For ebooks, the end result and experience for the reader is the same whether or not the endnotes are done by chapter or by book. It doesn't matter to them what the numbering system is. When they click to get to the endnote, they don't know if they're at the end of the chapter or the end of the book or the end of the universe.

Windows - YouTube

Short notes always follow the same format. Full notes and bibliography entries contain additional information if the book specifies an edition, translator or editor, and follow a specific format when citing an individual chapter in a book.. Note that book citations look slightly different in Chicago author-date style.
