### End The Fed

End the Fed is a 2009 book by Congressman Ron Paul of Texas. The book debuted at number six on the New York Times Best Seller list and advocates the abolition of the United States Federal Reserve System "because it is immoral, unconstitutional, impractical, promotes bad economics, and undermines liberty."

### End the Fed - Wikipedia

The Federal Reserve, "the Fed", is the central bank of the United States of America that was created in 1913 by Congress. It is a banking cartel that has a government-granted monopoly on the creation of money and credit. The Fed literally loans "money" (Federal Reserve Notes) into existence.

### End the Fed | The Libertarian Institute

Therefore, by the end of his first term, President Trump could appoint six of the Federal Reserve's seven board members. The specter of a Federal Reserve Board dominated by Trump appointees should cause some to rethink the wisdom of allowing a secretive central bank to exercise near-monopoly control over monetary policy.

### President Trump: It's Time To End The Fed - News Punch

Therefore, by the end of his first term, President Trump could appoint six of the Federal Reserve's seven board members. The specter of a Federal Reserve Board dominated by Trump appointees should cause some to rethink the wisdom of allowing a secretive central bank to exercise near-monopoly control over monetary policy. 1. The Federal Reserve Has Far Too Much Power to Control Our Economy - Federal Reserve Chairman Ben Bernanke has the power to dramatically impact our economy at a drop of the hat. The central bank completely controls and determines the money supply. It is permitted to create as much money as it wants out of thin air with no restrictions.
