Ilco 045 Speed Manual Key Machine 110V - KAL DOOR HARDWARE

The key machines and cutters available on eBay are designed to duplicate and cut keys that are already in existence. To use these machines, you'll need to first insert the key that you plan to replicate. Then, insert a blank key of the same type in the other slot. From there, the key machine will operate automatically to replicate the existing key.

Key Machine Parts | CLK SUPPLIES, LLC

The owner claims that she remembers that the machine is automatic. She said that once the carriage (as I call it) has both keys properly located and the button is pushed that the carriage is automatically picked up and travels through its cutting range. I don't see how this can happen. I know this machine needs adjustments, this is a sidebar.
