The novel must also be free in its choice of theme and subject matter: the province of art, says James, is all life, not only those elements which are beautiful or noble (178). In all art, says James, one becomes "conscious of an immense increase - a kind of revelation - of freedom . . . the province of art is all life, all feeling, all observation, all vision . . . it is all experience."

Lily James on confronting her own dark side

Exploring the World of Music shows how elements such as melody, rhythm, and texture create an infinite variety of sounds and serve as expressions of culture. Through rare archival footage and contemporary performances, the series presents themes such as music and the environment, music as cultural memory, and how technology changes music.

TED Talk Subtitles and Transcript: Psychopathic killers are the basis for some must-watch TV, but what really makes them tick? Neuroscientist Jim Fallon talks about brain scans and genetic analysis that may uncover the rotten wiring in the nature (and nurture) of murderers. In a too-strange-for-fiction twist, he shares a fascinating family history that makes his work chillingly personal.
