Learn How To Wire Wrap

Wire wrapping is actually one of the oldest techniques used in the crafting of handmade jewelry. The technique goes back thousands of years, probably in part because it is so affordable and easy to learn. All you need to get started is a coil of wire, and two pairs of pliers: one for cutting, the other for bending.

Wrap both of the wires around the mandrel in opposite directions. Keep the wires flat and parallel to one another on opposite sides of the stone, so you have a "top" wire and a "bottom" wire. Wrap the wires around the mandrel two or three times, unless you prefer a wider base. For a wider base, cut a longer length of wire.
