Maxxforce engine issues | IPR valve replacement - YouTube

We have 10 MaxxForce DT engines in our fleet and 3 of them needed inframes because #6 had zero compression caused by the leaking EGR cooler contaminating the engine oil and obviously washing down the oil on the cylinder sleeve but why just #6? This was the exact same failure on all 3 engines.

Goodbye Maxxforce - Daily Diesel Dose

Read PDF Maxxforce Dt Engine Problems

Typically when you get the "Electrical Fault" message and the problems you are describing it is not the ECM but the "Clean" power circuit. That is the wiring from the batteries to the ECM relay. Look in your battery box at the harness with the 3 fuses. Pull each fuse and look for discoloration in the sockets and pins or melted plastic.

07 epa Maxxforce dt -Faulty ecm ?? - School Bus Fleet ...

Possibly engine ingesting oil through the turbos would pull the pipes at the high pressure turbo outlet going to the charge air cooler to see if there is any oil present... If there is, then I would continue by checking the other side of the charge air cooler going into the engine and see if any oil there.
