Micro A Novel

Micro is a techno-thriller novel by Michael Crichton, the seventeenth under his own name and second to be published after his death, published posthumously in 2011. Upon his death in 2008, an untitled, unfinished manuscript was found on his computer, which would become Micro. Publisher HarperCollins chose science writer Richard Preston to complete the novel from Crichton's remaining notes and ...

Micro (novel) - Wikipedia

At the time of his death in 2008, Crichton was well into the writing of Micro; Richard Preston was selected to complete the novel. Richard Preston is the internationally bestselling author of eight books, including The Hot Zone and The Wild Trees .
