Microsoft Access Integration with Word, Excel and Other Apps Microsoft Access offers so many features and capabilities out of the box. Sometimes, as your needs become more complex, you'll find that Access can't easily perform some of the features you've seen in other applications.

Microsoft Access Integration with Word, Excel and Other Apps

One of the easiest ways to derive the benefits of both Excel and Access is to link an Excel worksheet to an Access table. Use an Access link when you plan to keep the data in Excel, but also regularly leverage some of the many Access features, such as reporting and querying. You link data from Access, and not from Excel.

Top 10 reasons to use Access with Excel - Office Support
