### Music and Trance - JSTOR

When he switched from chordal to modal music, he was embracing an old world music paradigm that often induces altered states of consciousness and trance. Modal music takes you on a voyage, and certain scales affect people in powerful ways. It is often used in sacramental rituals in traditional world cultures.

### Coltrane, Nicolas Slonimsky, Modal Music and Trance | KCRW

2. Trance and techno: 16th-note sequences. Like most dance music, trance and techno are most comfortable in a 4/4 rhythm, which is usually pinned down by a solid kick drum on all four beats in the bar. This provides the perfect backdrop for 16th-note bass and synth sequences to drive the rhythm along.

### 9 genre-spanning music theory hacks: make better R&B, pop ...

However, I learned music as a guitar player and I start with chord progression and melodies that, to my ear, create tension and release much like you talk about with progressive trance. But now it seems like all that music theory stuff goes out the window, as there is no place for worrying about I-IV-V-I progressions or whatever. Any thoughts?

### GILBERT ROUGET MUSIC AND TRANCE PDF

Pythagorean tuning is a system of musical tuning in which the frequency ratios of all intervals are based on the ratio 3:2. This ratio, also known as the "pure" perfect fifth, is chosen because it is one of the most consonant and easiest to tune by ear and because of importance attributed to the integer 3.As Novalis put it, "The musical proportions seem to me to be particularly correct natural ...

### GILBERT ROUGET MUSIC AND TRANCE PDF

Music consists of repeating rhythms and melodies. From a trance theory point of view, music consists of multiple trances, one for each repeating rhythm or melody. Most of these musical loops repeat only a few times and there is a minimum number of repetitions needed before a dissociated trance plane will be created.

### A Gentle Introduction to Trance Theory - PositiveHealthOnline

Although trance is a genre of its own, it liberally incorporates influences from other musical styles such as techno, house, pop, chill-out, classical music, tech house, ambient and film music. A trance is a state of hypnotism and heightened consciousness.
