### Natural Acts A Sidelong View

Natural Acts consists of a series of light and lively natural history essays culled from articles that Quammen wrote for Outside Magazine over the years. The first part of the book consists of short articles about animal species (mosquitos, beetles, black widow spiders, anacondas, and bats, to name but a few) in which a few fun facts are provided before moving on to the next.

**Natural Acts: A Sidelong View of Science and Nature ...**

"David Quammen is simply the best natural essayist working today."--Tim Cahill, author of Lost in My Own Backyard "Lively writing about science and nature depends less on the offering of good answers, I think, than on the offering of good questions," said David Quammen in the original introduction to Natural Acts.

**Natural Acts: A Sidelong View of Science and Nature on ...**

Natural Acts: A Sidelong View of Science & Nature (David Quammen) In his introduction to Natural Acts, Quammen aptly describes the book as "a chimerical creature." It's a collection of his articles and essays spanning the years 1981-2007, grouped roughly according to the time period in which he wrote them.
