Step 2: Determine a Plan for Mounting Your Apex. There are literally limitless options when it comes to how you will mount your Apex. The two basic rules you will want to keep in mind are 1) keep it away from water and 2) make it easily accessible. There are many examples of options for mounting the Apex somewhere on the aquarium stand.

Neptune Systems Apex - Mounting and Connections - Marine ...

I first learned of the Neptune Apex in January 2018 while I was researching how to set up an aquarium. I was a complete novice to reefing and aquariums in general. However, with my 30+ year career in IT systems and my love of all things automation, I realized I could leverage my technical background and the Apex to automate most functions on the aquarium.

Beginner Topic - Neptune Apex Programming Tutorials Part 1 ...

The Apex is the world's most popular aquarium monitoring and control system. From anywhere in the world, with your internet-connected Apex system and this app, you can: - Monitor the health of your aquarium by observing current and past history of your Temperature, pH, ORP, Salinity and much more (depending on how your Apex System is equipped of course) - Control the equipment on your aquarium ...
