### **Netter's Orthopaedic Clinical Examination - 2nd Edition**

Most orthopedic special tests involve a degree of subjectivity and few are sensitive or specific enough to have clinical value on their own.

Even when these tests are clustered there are issues with testing validity, this is because

# Download File PDF Orthopaedic

these tests are often good at reproducing pain but not great at telling us what structures the symptoms are coming from ( Docking et al., 2016 ; Hegedus et al ...
