Until recently, that is, until I came across a 4" rotary table for under \$60 on eBay. This exact rotary table is also sold by Grizzly (H5685), Shop Fox and others. Surprisingly, there is very little information on this table. I've found several forum posts, but that's about it. One thing that was clear is that this is by no means a precision ...

Rotary Tables - Cnc

I'm newbie in search of a rotary table for my mini mill/drill and was wondering if there were anyone made a precision 4" tilting rotary table. I of course would want to use index plates and a tailstock with it, so if someone sold a package it would be great. (I'm searching for 360 divisions for horizontal and 90 for vertical).
