In Primate Visions biologist and University of California, Santa Cruz History of Consciousness professor Donna Haraway maps primate studies over the course of history and across the boundaries of several disciplines. She begins with early ...

Haraway: Primate Visions

Primate Visions: Gender, Race, and Nature in the World of Modern Science, published in 1989 (Routledge), focuses on primate research and primatology: "My hope has been that the always oblique and sometimes perverse focusing would facilitate revisionings of fundamental, persistent western narratives about difference, especially racial and sexual difference; about reproduction, especially in terms of the multiplicities of generators and offspring; and about survival, especially about ...

Donna J. Haraway

These fundamental questions are at the heart of primatology - the study of monkeys and apes - in the twentieth century. In *Primate Visions* historians of biology Donna Haraway builds the primate story - our scientific understanding of apes, monkeys, and humans - and explains its multi-cultural roots, its myths, its relation to gender and race.
