These are the Terry Lectures from Yale University in 1937, given in English. Unlike much of Jung's writing, these lectures are very accessible and show the relationship between psychology and religion. Jung focuses on the religious experience itself, and how important it is to the health of the psyche.

Psychoanalysis and Religion by Erich Fromm

Jung, who was the first psychoanalyst to understand that myth and religious ideas are expressions of profound insights, has dealt with the same topic in the Terry Lectures of 1937, published under the title Psychology and Religion. If I now attempt to give a brief summary of the position of both psychoanalysts it is with a threefold purpose: 1.
