There are plenty of genres available and you can search the website by keyword to find a particular book. Each book has a full description and a direct link to Amazon for the download.

Puma Engine

The Ford Duratorq engine, commonly referred to as Duratorq, is the marketing name of a range of Ford diesel engines first introduced in 2000 for the Ford Mondeo range of cars. The larger capacity 5-cylinder units use the Power Stroke branding when installed in North American-market vehicles. The first design, codenamed "Puma" during its development, replaced the older Endura-D unit which had been around since 1984. Commercial versions of the Puma unit replaced Ford's older "York" ...

Ford Duratorq engine - Wikipedia

Automatic gearbox from summer 2020. The Puma is currently a petrol-only affair with three versions of its widely admired 1.0-litre EcoBoost on offer, two of them enhanced with mild-hybrid technology to bolster efficiency and improve low-speed performance.. >> We rate the best hybrid SUVs for 2020.

Puma Engine: This page contains information about the Puma Engine and details on various engine and ambient condition. There are 3 sections under this page: Fault Codes, Inputs and Settings. Puma 2.4 Fault Codes - Reading and Clearing ECU Information section ECU Information Puma Engine Live Instrument Mode

Nanocom Defender Puma 2.4 + 2.2 Manual

Besides the engine there is very little difference between the 2.2 and 2.4. I've been told the 2.2 seems to run smoother although this is probably just added sound deafening, new engine cover etc. making it quieter. 2.2 has a higher top speed of around 140 instead of 130. The rear door handle on the 2.2 is also perforated.

Defender Puma: Common problems - 4x4 Community Forum

The entire Puma range is powered by a 1.0-litre, three-cylinder turbocharged petrol engine mated to a seven-speed dual-clutch automatic transmission sending power to the front wheels. And straight ...
