Maya script, also known as Maya glyphs, was the writing system of the Maya civilization of Mesoamerica and is the only Mesoamerican writing system that has been substantially deciphered. The earliest inscriptions found which are identifiably Maya date to the 3rd century BCE in San Bartolo, Guatemala. Maya writing was in continuous use throughout Mesoamerica until the Spanish conquest of the ...

A Mayan text was read from top to bottom, left to right. The glyphs are generally in pairs: in other words, you start at the top left, read two glyphs, then go down to the next pair. Often the glyphs were accompanied by a larger image, such as kings, priests or gods. The glyphs would elaborate on what the person in the image was doing.
