landscape -- 'our land' -- may be somewhat less in conflict with reality than the other functions of rice.

### **Amazon.com: Rice as Self: Japanese Identities through Time ...**

Through historical processes rice and rice paddies have come to represent the collective self of a social group within Japanese society from the smallest unit, of a family, to Japan as a whole. The collective self of the Japanese has undergone historical changes, changes that are almost always intimately related to historical developments outside of Japan.
