Roman Britain | History, Facts, & Map | Britannica

High Rochester Roman Fort may initially have been raised in the late first century AD in support of military operations in southern Scotland. Located on what would later become known as Dere Street, the main overland route north on the eastern side of Britain, it was a strategically important point as evidenced from a number of Roman marching camps to the north-west of the fort.

High Rochester Roman Fort | North East England | Castles ...

Roman forts and fortresses (as opposed to camps) were the permanent or semi-permanent bases of Roman troops. These installations were a very important feature of the Roman period in Britain, as the British provinces were some of the most heavily militarised in the Roman Empire. The word fortress is used to denote the bases of . the legions.

Roman Forts and Fortresses - Historic England

Inchtuthil Legionary Fortress was intended as the lynch-pin of the Roman military occupation of northern Scotland. Home to the Twentieth Legion, it was positioned at the centre of a network of forts that encircled and contained the tribes of the Scottish Highlands. However, Roman military re-deployments meant that it was abandoned after only five years of use.

Inchtuthil Roman Legionary Fort | Perthshire, Kinross ...

The Roman army constructed both temporary and permanent forts and fortified military camps (castrum) across the frontiers of the empire's borders and within territories which required a permanent military presence to prevent indigenous uprisings. Although given basic defensive features, forts were never designed to withstand a sustained enemy attack but rather to provide a protected place for ...
