After signing and approving the Project Proposal a business starts drafting the following documents: a project charter, project plan, contract, etc.

Despite the fact that many different formats are available, roughly 80-90% of all Project Proposals follow a similar template. They mostly all have the same structure which contains a few key points.

documentation 5.
Summary. Nowadays,
as a webdeveloper,
you rarely build
anything from scratch:
your daily job mostly
consists of integrating
various Javascript
libraries together. If
you are building a web
app you are most likely
going to use some
framework like React,
Vue or Angular for your
front-end.
