As we steadily approach the era of Peak Spaceship, it's worth revisiting some of sci-fi history's most memorable crafts. To that end we enlisted minimalist illustrator S. Preston of S. Preston...

A brief illustrated history of great pop-culture spaceships

From Dan Linehan's "SpaceShipOne: An Illustrated History"(p. 19) And the rest is history. The Allen-funded SpaceShipOne soared into space, and on October 4 th, 2004, it became the first privately funded spaceship to make it into suborbital space twice in two weeks with an equivalent weight of 3 people, thereby winning the Ansari X-prize. It also thereby effectively jumpstarted the commercial space travel industry, something which had previously been thought so impossible that it had a ...
