All SIGMA SPORT bike computers come with a battery compartment, which can be opened and closed by the user with the aid of a coin or a tool (supplied). When changing the battery, always note the position of the O-ring placed on the cover to ensure that the bike computer remains watertight.

SIGMA SPORT

Specialized Bicycle Components produces a variety of bicycles and bicycle products, including computerized speedometers. With a touch of a button, these devices provide valuable information such as the time, the miles you've traveled, your speed and the temperature. To get information to display the way you want, and to get accurate estimates for your speedometer and odometer, you must go through an initial program to enter specific setup information.

Only the major manufacturers tend to place owner's manuals online. Many bicycle computers are rebranded. Look for similarities in appearance and function when trying instructions for a computer not on our list. A Web search on the make and model, plus "manual" or "instructions" sometimes turns up information posted by an owner.
