Although it is an evaluative process, it is not an evaluation of instructors, administrators, or individual students. The knowledge, skills, and abilities that students demonstrate provide evidence in answering the question of how well specific learning experiences prepare students to meet the articulated outcomes for those experiences.

The student skills guide by Drew, Sue, Bingham, Rosie

Hard skills are the technical, specific abilities which can be taught. Soft skills, on the other hand, are generally more subjective and elusive, referring to personal and interpersonal qualities and characteristics. The advantage with soft skills is that they give employers a deeper insight into their potential hires" (Rudolph, 2017, para. 2).

The soft skills college students need to succeed now and ...
