### Small Wonder Labs RockMite Assembly Manual by ne1rd - Issuu

The differences are small: L2 and L4 have 1.0  $\mu$ H in the RockMite design; the corresponding parts in our designed filter are 1.3  $\mu$ H. C15 and C19 in the RockMite design match perfectly to the corresponding parts in our filter's design. And C17 is 1000 pF in the RockMite design, and 820 pF in our filter design. These are all very close.
