the Market Commentary and Market analysis portion from the Market update service. However, the focus here is on ETF's only, whereas the Market Update focuses on Large-cap, medium cap, small-cap stocks, options, currency and commodity's markets.

Tactical Investor Services: Focal point is Mass psychology

The Tactical investor is the place where Mass Psychology and Technical analysis converge seamlessly in a process we have come to refer to as Tactical Investing. This convergence helps ensure we are on the right side of the markets. Emotions and not logic drive the markets. Emotions are behind every investment decision, even though many traders will vehemently deny this.
