Medieval

The third part, "Assemblages of a Global Digital Age," examines particular intersections of the new digital technologies with territory, authority, and rights. Sweeping in scope, rich in detail, and highly readable, *Territory, Authority, Rights* is a definitive new statement on globalization that will resonate throughout the social sciences.

Territory, Authority, Rights: From Medieval to Global ...

A crucial feature in the analysis is the medieval political geography with its plural logics for the valuing of territory, authority, and rights. Three forms of political organization mark this period—feudalism, church, and empire.¹ The increasingly decentered geography...

(PDF) Territory, Authority, Rights: From Medieval to ...

Globalization is transforming the organization of human activity and reshaping patterns of rights and authority. In this ambitious book, a noted sociologist attempts to capture the complex logic and consequences of this epochal process. Sassen's focus is on the historical transitions that moved the world from the medieval era to the national era and then to the global era, and how territory ...

**Territory, Authority, Rights: From
Medieval to Global ...**

The book covers a massive historical scope, from the emergence of medieval city-states to the rise of globalization. It does this partly by suggesting similarities in the process of transition to capitalism and to globalization, ... the national constitution of territory, authority, and rights' (p. 6).
