### The A 904 Torqueflite Automatic

TorqueFlite (also seen as Torqueflite) is the trademarked name of Chrysler Corporation's automatic transmissions, starting with the three-speed unit introduced late in the 1956 model year as a successor to Chrysler's two-speed PowerFlite. In the 1990s, the TorqueFlite name was dropped in favor of alphanumeric designations, although the latest ZF-based transmissions with the eight-speed ...

### TorqueFlite - Wikipedia

"The Chrysler Torqueflite transmission is one of the smoothest and trouble-free units in the world, even when compared to Mercedes-Benz and Rolls-Royce." — Wheels, 1966 Thanks, Mike Sealey, Bill Watson, Hemi Anderson, Argent, and Daniel Stern. The three-speed TorqueFlite automatic ...

### The legendary torqueflite automatic transmission

The aluminum 904 was first introduced by the Chrysler Corporation in 1960, and is a design that evolved from the Chrysler PowerFlite, which was a two speed automatic, and then the cast-iron three ...

### 904 Torqueflite Transmission - New Old School - Mopar ...

THE NEW A-904 AUTOMATIC TRANSMISSION Description ) General. The A-904 Torque- Flite is a three-speed automatic transmission that's a lot like the A-466 TorqueFlite in oper- ation. It's smaller, of course, and weighs only a few pounds more than the manual trans- mission. It has the same gear ratios as the A-466 Torque- Flite, and provides excellent

### The A-904 TorqueFlite Automatic Transmission

The 1957 Torqueflite was heralded as "the best automatic in the world" and was used in several European sport-luxury cars (including Monteverdi, Facel Vega, and Jensen). In 1962, an aluminum case replaced the cast iron one, changing the code name to "A-727;" together with the torque converter, it weighed about 160 pounds.

### Tom Hand's guide to the Chrysler torqueflite automatic ...

Count the number of bolts and view the transmission pan shape on the automatic transmission. According to the Teufert website the Torqueflite 727 has an irregular-shaped pan with 14 bolts fastening the pan to the bottom of the transmission housing. The Torqueflite 904 has 14 bolts with a rectangular-shaped pan with one corner on an angle.
