The Armchair Economist

“This new edition of The Armchair Economist is a wide-ranging, easily digested, unbelievably contrarian survey of everything from why popcorn at movie houses costs so much to why recycling may actually reduce the number of trees on the planet. Landsburg valiantly turns the discussion of vexing economic questions into an activity that ordinary people might enjoy.”

THE ARMCHAIR ECONOMIST | Kirkus Reviews

Steven Landsburg, The Armchair Economist. Steven Landsburg’s The Armchair Economist is a book that anarcho-capitalists will appreciate for two reasons. First, as an outreach tool it provides a solid introduction to economic ideas from a free market perspective. The concepts covered are simple enough for anyone to understand, but remarkable enough to spark interest in economics and the dangers of government.

Stephen E. Landsburg. "Economic theory predicts that you are not enjoying this book as much as you thought you would", remarks Steven E. Landsburg at the start of one of the most enjoyable chapters of The Armchair Economist. The point turns out to be this: the fact that you have chosen to read it is a sign that you have probably overvalued it in relation to all the other books you could have read instead.
