Bernard Bailyn's The Barbarous Years is the kind of book the word "magisterial" was made for. It is a vast, richly detailed overview of a relatively brief time in the history of North America, the years 1600–1675. It is also the third entry in Bailyn’s The Peopling of British North America, a series charting the North American segment of the global movement of European peoples.

When we think of early New England, we tend to picture stern-faced Puritans and black-hatted Pilgrims, but in the same decade that these more famous settlers arrived, a man called Thomas Morton founded a very different kind of colony — a neo-pagan experiment he named Merrymount. Ed Simon explores the colony’s brief existence and the alternate vision of America it represents.
