Color (Research on Women ...

Darkly, therefore, reveals the duality experienced by women within the patriarchy and reveals how this dualism must, by necessity, result in the literal or figurative death of the female. While some scholars hint at the duality of the female subject in Berg-man's films, their analyses often end up being reductive.

These eighteen essays, joined by a shared sense of duality, address the difficulties of not fitting into and the benefits of being part of two worlds. Through the lens of personal experience, they offer a broader spectrum of meaning for race and culture. And in the process, they map a new ethnic terrain that transcends racial and cultural
