The Image Of City Kevin

The Image of the City is a 1960 book by American urban theorist Kevin Lynch. The book is the result of a five-year study of Boston, Jersey City and Los Angeles on how observers take in information of the city, and use it to make mental maps. Lynch's conclusion was that people formed mental maps of their

City

In *The Image of the City* Lynch explores the cities of Boston, Jersey City and Los Angeles revealing the knowledge of the inhabitants and how they view their city. When asked to describe a city, any person would say that a city is a collection of "streets, buildings, sidewalks, bridges," but Lynch prefers to describe the city as a

Kevin A. Lynch - Wikipedia

Kevin Lynch was an American urban planner and author. His ideas about city and its perception can be seen in his work 'The Image of the City.' Which I will try to summarize in this post. According to Lynch, the city is about the way the people perceive it. He called it as imageability.

What can the city planner do to make the city's image more vivid and memorable to the city dweller? To answer these questions, Mr. Lynch, supported by studies of Los Angeles, Boston, and Jersey City, formulates a new criterion -- imageability -- and shows its potential value as a guide for the building and rebuilding of cities.
