LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

The Kolob Theorem A Mormons

The Kolob Theorem: A Mormon's View of God's Starry Universe Paperback – May 22, 2012 by Lynn M Hilton PhD (Author) 4.5 out of 5 stars 82 ratings

The Kolob Theorem: A Mormon's View of God's Starry ...

Lynn advocates the theory that the great star Kolob (which is near unto God's throne) is located in the center of our Milky Way Galaxy. According to the Book of Abraham, Kolob is God's first creation. It is a huge star and governs all the rest of Heavenly Father's suns and worlds. This is an abridgment of the original book.

KOLOB THEOREM PDF - matchcomcustomerservice.com

2. The book is "a cohesive collection of ideas about Mormon cosmology." Response: Read Science, Religion, and Mormon Cosmology by Erich Robert Paul. He's a real astronomer. That is the book that The Kolob Theorem should have been. Read Dr. Paul's book. That's all. 3. Don't be so harsh, after all it is just a "theory".

Quantumleap42: Revisiting the Kolob Theorem

Kolob is a star or planet described in the Book of Abraham, a sacred text of the Latter Day Saint movement.Several Latter Day Saint denominations hold the Book of Abraham to have been translated from an Egyptian papyrus scroll by Joseph Smith, the founder of the movement.According to this work, Kolob is the heavenly body nearest to the throne of God.
