The Mystery Of Capital Why

The Mystery of Capital argues that capital is the engine of a market economy and that property rights - namely, the ability to have secure title over land and housing - provide the mechanism. De Soto notes that, more than a decade after the fall of Marxism, the expected capitalist revolution has not occurred.

The Mystery of Capital: Why Capitalism Triumphs in the ...

In The Mystery of Capital, the world-famous Peruvian economist takes up one of the most pressing questions the world faces today: Why do some countries succeed at capitalism while others fail? In strong opposition to the popular view that success is determined by cultural differences, de Soto finds that it actually has everything to do with the legal structure of property and property rights.
