...

The book Psychopathology of Everyday Life by Sigmund Freud was first published in 1901. A.A Brill did its translation into English in the year 1914. It is without a doubt one of Freud's most widely discussed and influential works. The work is not as technical as Freud's other works and draws on everyday experiences.

### **The Psychopathology of Everyday Life (1901) by Sigmund Freud**

You are telling them a story about life and death and the meaning of life. You are talking to them across the centuries. Spacetime in our universe began 13 billion years ago and it will last in our universe for many trillions of years and, depending upon the variables of dark energy, it will come to an end in a big crunch or a slow, silent heat death.
