Perhaps most importantly, The Sober Truth examines the failure of science to provide answers to fundamental questions about addiction treatment. People struggling with addiction deserve more than science has provided, and The Sober Truth should stimulate a fundamental dialogue that can move the field forward.

The Sober Truth: Debunking the Bad Science Behind 12-Step ...

The Sober Truth: Debunking the Bad Science Behind 12-Step Programs and the Rehab Industry, co-authored by brothers Lance and Zachary Dodes, is a far less dry and more radically change-oriented book than its title might suggest. What makes this read so compelling and its ideas so unusual, IMHO, is the primacy of individual human beings who struggle with addiction issues -- their personal thoughts, feelings, experiences -- in its assessment of the value of treatment options for those .

The Sober Truth: Debunking the Bad Science Behind 12-step ...

I found The Sober Truth less of a polemic against AA than Rational Recovery. Both books seriously undermine AA claims to effectiveness and minimization of its religious underpinnings. The Sober Truth further overviews the marketing of AA by its proponents to the front lines of popular treatment without much empirical evidence to support its efficacy.
