A Treasury of American Horror Stories Book Review by: Hailey Ehrig The United States is quite a scary place to live; at least that's what the authors of A Treasury of American Horror Stories are trying to portray. This book incorporate 51 stories, one from every state in the Union including Washington D.C. It is quite interesting though, as each individual story is written by a different author.

A Treasury Note is a type of short term debt instrument issued by the United States prior to the creation of the Federal Reserve System in 1913. Without the alternatives offered by a federal paper money or a central bank, the U.S. government relied on these instruments for funding during periods of financial stress such as the War of 1812, the Panic of 1837, and the American Civil War.
